KNITTED BAG
FOR YOUR PROJECT

Information

Sizes	: 1 (2) 3
Base Measurements	: 18 x 6 (21 x 11) 29 x 11 cm
Overall Measurements	: 24 x 27 (32 x 37,5) 40 x 45,5 cm
Materials	
Yarns	: MC_ 1 (2) 2 balls of Katun Seruni by Gomerajut (100 g/152 m) CC_ 1 (1) 1 balls of Katun Seruni by Gomerajut (100 g/152 m) Note! Katun Seruni is a sport weight yarn knitted in 2 strands together for one color in this project, pull the end from the inside and the outside or wind it together before you begin. Or approx. 65 (85) 105 m worsted weight yarn in MC and 35 (45) 55 m worsted weight yarn in CC.
Needles	: 4.00 mm circular needles 80 cm long, 4.00 mm circular needles 60/40 long (depends on the size you'll knit), spare needles size lower than 4.00 mm
Notions	: Scrap yarn & crochet hook for provisional cast on, stitch markers, tape measurement, tapestry needle, scissors, safety pin
Gauge	: 19 sts x 29 rows = 10 cm x 10 cm in stockinette st on 4.00 mm needles

Introduction

This project bag is worked from bottom to top. Begin by casting on sts using Provisional Cast On, then working back and forth to make the rectangle base. Then put the cast on sts back to the needles, and pick up the sts on both side. The body is worked in the round with the help of Magic Loop Method when starting, this is to make it easier because you have a base on the bottom part of your work. You eventually can let go the Magic Loop Method when your work is long enough. The body has the stripes pattern that you work together while making the body. Finally, the body finished after you make a hole for the drawstring and folding the hem. The drawstring is worked by I-Cord Method. You can change the drawstring to any drawstring cord if you don't want to make the drawstring.

Size Guide

This project bag has 3 sizes. Size 1 is designed to fit small project like socks or hat. Size 2 for mid-size project, like shawl, or maybe kids clothes. Size 3 for bigger project like adult sweater, blanket, etc. Choose the size you'd like to knit, or just knit it all :)

Before You Begin

Before working on this project, please do your swatch to find the same gauge as informed above. Bear in mind that the size of the needles above are only suggestions. The size of the needles you need depends on your personal gauge. You might need the larger needles if you're a tight knitter, or you might need the smaller needles if you're a loose knitter. Although the correct gauge is not necessary in this project. Please remember if you have different gauge, it will affect the finish measurement.

Abbreviations

approx.	: approximately
CC	: contrasting color
k	: knit
k2tog	: knit 2 stiches together
MC	: main color
p	: purl
RS	: right side
rnd	: round
st/sts	: stitch/stitches
yo	: yarn over
WS	: wrong side

START

With scrap yarn and crochet hook, make about 38 (44) 59 chain sts.
With MC yarn and 4.00 mm circular needles 80 cm long, pick up and knit 34 (40) 55 sts along the back of the crochet chain.

Have a look in this video to see how to do Provisional Cast On
https://www.youtube.com/watch?v=3OGG0AiJ3XE

RECTANGLE BASE

Purl 1 row. The next row is RS.

Work back and forth in stockinette st 15 (31) 31 rows. End with RS.
Leave your work but don't cut the yarn.

BODY

With any spare needles sizes lower than 4.00 mm, put 34 (40) 55 sts from the provisional cast on back to your needles and remove the crochet chain.

Have a look in this video to see how to put back the sts from the Provisional Cast On
https://www.youtube.com/watch?v=eFl12LDYsGk

Next, back to the needle you leave before then pick up and knit 11 (21) 21 sts along the side, as follow:

pick up and knit 2 sts, skip 1 st, repeat * - * a total of 4 (9) 9 times, pick up 3 sts.

TIP! If you have a hard time picking up the sts because of the rectangle base, this is where 80 cm long cable length becomes handy. Use magic loop method before you pick up the side, simply pull the needle and continue working on the side. This tip also work when working in the round later.

Knit across 34 (40) 55 sts you put it back onto your spare needles before. Then pick up and knit 11 (21) 21 sts on the other side as explained above. Place a marker after 5 (10) 10 sts picked up sts on this side to indicate the beginning of the round later.

You now have 91 (122) 152 sts on your needles.

Work stockinette st in the round until your work measures 6 cm from the pick-up edge, change to CC yarn and continue to work stockinette st in the round until your stripe measures 4 cm.

TIP! There're a lot of ways to avoid jog when changing color in stripes, this is the one I recommend. Work as follow:
Round 1: Tie a loop with your changing color yarn to the current color yarn, then k to the end with your new color.
Round 2: Pick up the right leg of the next st with your right needle and place it to the left needle, k2tog, k to the end.
Cut the previous color yarn, continue working in the round. If you feel your work is safe enough not to be stretch, you can undo the loop.

Have a look in this video to see how to do The Jogless Stipes in the Round
https://www.youtube.com/watch?v=ym-jDvU6ev4

From here, you need to change stripes colors in every 4 cm. Your work should have a total of 2 (3) 4 stripes in CC.

TIP! If the length of your work is long enough, you can eventually change the cable length to 60/40 cm depends on the size you'd knit. This way you don't need to work in magic loop method again.

Change to MC yarn, work stockinette st in the round 3,5 cm more. Place a marker in the last row, this is to mark where you have to sew the folded hem later.

Next, you need to make a hole for the drawstring and continue working on the hem. Work as follow:
Round 1-3: k to the end.
Round 4: k2tog, yo 2 times, k to the end.
Round 5: k1, drop 1 yo st, k to the end.
Round 6-13: k to the end.

Bind off and leave the tail 3 times longer than the circumference of the project bag body before you cut the yarn.

Fold the hem to the inside of the project bag. Sew the bind-off edge to the row you've marked before in the WS. Make sure the edge doesn't twist.

Have a look in this video to see how to Sew Folded Hem
https://www.youtube.com/watch?v=luq6_xwnwwU

DRAWSTRING

With CC yarn and 4.00 mm needles, cast on 3 sts using Long Tail Cast On

Then make an i-cord, as follows:
slip the 3 sts back to the left needle, k to the end
Repeat *-* until the length of your i-cord measures approx. the circumference of the project bag body + 28 cm. I recommend to measures the length by stretching the cord.
Bind off.

FINISHING

Wash and block the project bag and the drawstring to make it nice and even. Once it dry, put the drawstring inside the folded hem with the help of safety pin, then tie a knot.
