Yarn used in this pattern

Main yarn – Body: Kartopu Baby Natural Cotton – Grey

Secondary yarn – Details (tail, ears, nose): DK / 3 weight yarn (polyacrylic)

Yarn Alternatives

If Kartopu yarn is not easily available, the following yarns work beautifully as substitutes.

For the Body (DK / Light Worsted):

- Lion Brand Basic Stitch Anti-Pilling
- Paintbox Yarns Cotton DK
- WeCrochet Brava Worsted (slightly thicker, produces a larger mouse)
- Red Heart Soft (soft texture, widely available)

Choose smooth yarns with good stitch definition for best results.

Materials

- 3.0 mm crochet hook
- Tapestry needle
- Fiberfill stuffing
- Black sewing thread (for facial details)
- Stitch marker
- Scissors
- Bobby pins (optional, helpful for positioning pieces)

Abbreviations (US Terminology)

- **sc** – Single Crochet
- **inc** – Increase (2 sc in same stitch)
- **dec** – Decrease (I recommend skipping 1 stitch to decrease, but invisible decrease is also fine for this pattern)
- **hdc** – Half-double crochet
- **sl st** – Slip Stitch
- **ch** – Chain

Gauge

This little mouse crochet pattern is designed to be worked with **even, tight stitches** to achieve a neat and well-shaped finish. Gauge is not critical for this project, but consistent tension is important for best results.

You can observe in the image below how tight stitches were done.

Pattern Notes

- This pattern works in continuous rounds except that the tail has different instructions.
- Use stitch marker to mark each end of the round. The number of stitches is shown inside the parentheses (...) each round.
- [...] x3 – this means that repeat the instruction inside the brackets with the number of times indicated.
- Fill in fiberfill gradually and firmly to achieve preferred shape.
- Maintain consistent tension. Adjust the hook size if needed.
- Read the pattern before starting.

Optional Feature – Catnip Pouch

If you're making these mice for a feline friend, you can insert a small catnip pouch inside. The idea was suggested (comment) on my Instagram post, and I loved it!

I created a tiny pouch using felt fabric to securely contain the catnip before placing it inside the mouse. This keeps the filling neat and prevents loose herbs from escaping through stitches.

This step is completely optional.

Let's Begin!

We start crocheting ears (make 2) and tail, then the body.

Ears

Make 2 using secondary yarn (I used pink yarn):

– round 1: Magic Ring of 6 HDC (6)

Cut a long yarn tail for sewing.

Tail

Use the secondary yarn (I used pink yarn)

– CH 18, 1 sc in the 2nd ch from the hook, inc on the next, [5 sc, inc] x3

Body

Use main yarn color, I used grey yarn

- round 1: Magic Ring 6 sc (6)
- round 2: [inc, 1 sc] x3 (9)
- round 3: [1 sc, inc, 1 sc] x3 (12)
- round 4: [3 sc, inc] x3 (15)
- round 5: [2 sc, inc, 2 sc] x3 (18)
- round 6: 3 sc, [inc, 2 sc] x4, 3 sc (22)
- round 7: 5 sc, inc, 10 sc, inc, 5 sc (24)
- round 8: [3 sc, inc] x6 (30)
- rounds 9-15: Sc all around (30)
- round 16: [3 sc, dec] x6 (24)
- round 17: Sc all around (24)

As you are near to end, stuff the body firmly with fiber fill.

You have the option to insert a catnip pouch inside the body.

- round 18: [1 sc, dec, 1 sc] x6 (18)

- round 19: [1 sc, dec] x6 (12)

- round 20: [dec] x6 (6)

Fasten off and hide the yarn end.

Assembly

Nose: Use the secondary yarn (I used pink yarn)

Cut ~40 cm yarn, use tapestry needle, weave the yarn into round 1 of the body Magic Ring to form the nose. Secure and hide the yarn end inside the body.

Eyes: Take 4 strands of black sewing thread with ~40 cm long, use sewing needle, and weave the eyes between rounds 5 and 6, spacing 3 stitches apart. Tie securely and hide the ends inside the body.

Ears: Attach the ears between rounds 8 and 9 of the body, spacing 5 stitches apart. Using bobby pins first is recommended to position them before sewing. Secure and hide the yarn end inside the body.

Tail: Sew the tail at the bottom. Hide the yarn end inside the body.

Assembly Tips

- **Bobby pins** are very helpful when positioning ears and tail.
- **Adjust before sewing** to get the perfect spacing and symmetry.
- Stuff the body firmly **before closing** to ensure a rounded, smooth shape.
- Keep stitches tight to prevent gaps, especially if inserting a **catnip pouch**.
