Lievé Headband

Difficulty: Beginner

Materials

Yarn of your choice
Matching crochet hook
Scissors, tapestry needle

Used stitches

Chain
Single crochet
Double crochet

Before you begin

Measure the circumference of your head. Make the headband a few centimeters smaller than your head circumference. If the yarn has little stretch, crochet a few more centimeters than you would if your yarn has a lot of stretch. Try it on regularly as you go. Take into account joining the ends together, as this will also require a few millimeters to a centimeter (depending on the yarn you use).

If you find starting with a foundation row of single crochet too difficult, begin with a chain and work 1 row of single crochet.
Crochet the starting chain using a hook half to one full size larger than the hook you use for the rest of the headband.

Let's get started!

1) Crochet a foundation row with the desired number of single crochet stitches; this must be an odd number:

Crochet 2 chain

Insert the crochet hook into the first chain you made and yarn over.

Yarn over and pull through 1 loop.

Yarn over again and now pull through both loops. Your first single crochet is made.

At the bottom you will now also see V-shapes. Insert your hook under this V (see needle), Pick up the yarm, yarn over, pull through 1 loop. Yarn over, pull through both loops.

Repeat this process until the desired length is reached.
For more information, see the tutorial video on my Instagram account: Hartje.gehaakt.

2) Turn your work and chain 2 (does not count as a stitch).
Crochet 2 double crochets into the first stitch. Skip 1 stitch.
(Crochet 2 double crochets into the next stitch, skip 1 stitch) Repeat between ( ) until the end of the row. You will have 1 stitch left.
Crochet 1 double crochet into the last stitch.

3) Repeat row 2 until you reach your desired width. I usually crochet the piece to about 10 cm.
Fasten off. Leave a long tail so you can sew the ends together.
Proceed to "Finishing".

Finishing

Fold your piece in half so that the ends overlap in a zigzag pattern. Use the leftover yarn to sew the ends together.
Tip: Make sure to go through all 4 layers each time, including at the corners (see arrows).

Enjoy wearing it!
