Taiyo Linier Top

Designed by Sian Price-White

This easy and light top is knitted flat in two pieces and then seamed together. The length of both the sleeves and the body are easily adjusted. This is a great pattern for those that are new to knitting.

Yarn and Materials -

- 2 balls Noro Taiyo Sock Yarn or any similar 4 ply (fingering) yarn.
  (You can use 2 different colours for the front and the back to make it reversible).
- 5.5mm (US 9) needles - straight or circular on at least an 80cm (32") cable.
- Yarn needle to sew seams

Sizing -

One size, but can be easily adjusted. You can check the length as you go. To change the length of the sleeves, increase /decrease the number of cast on stitches. To change the length of the body, increase /decrease the number of pattern repeats.

The sample is approx. 85cm wide and 45cm in length.

Gauge -

18 sts x 10cm on 5.5mm needles,

but this is not terribly important.

Abbreviations -

K1 - Knit one stitch

P1 - Purl one stitch

St - Stitch

RS - Right side

WS - wrong side

YO - yarn over - wrap your yarn once around the right hand needle to make an extra stitch

Pattern

- Cast on 150 stitches.
- Repeat next 12 rows –

  Row 1-10 – Knit in stocking stitch. (Knit all right side rows and purl all wrong side rows)

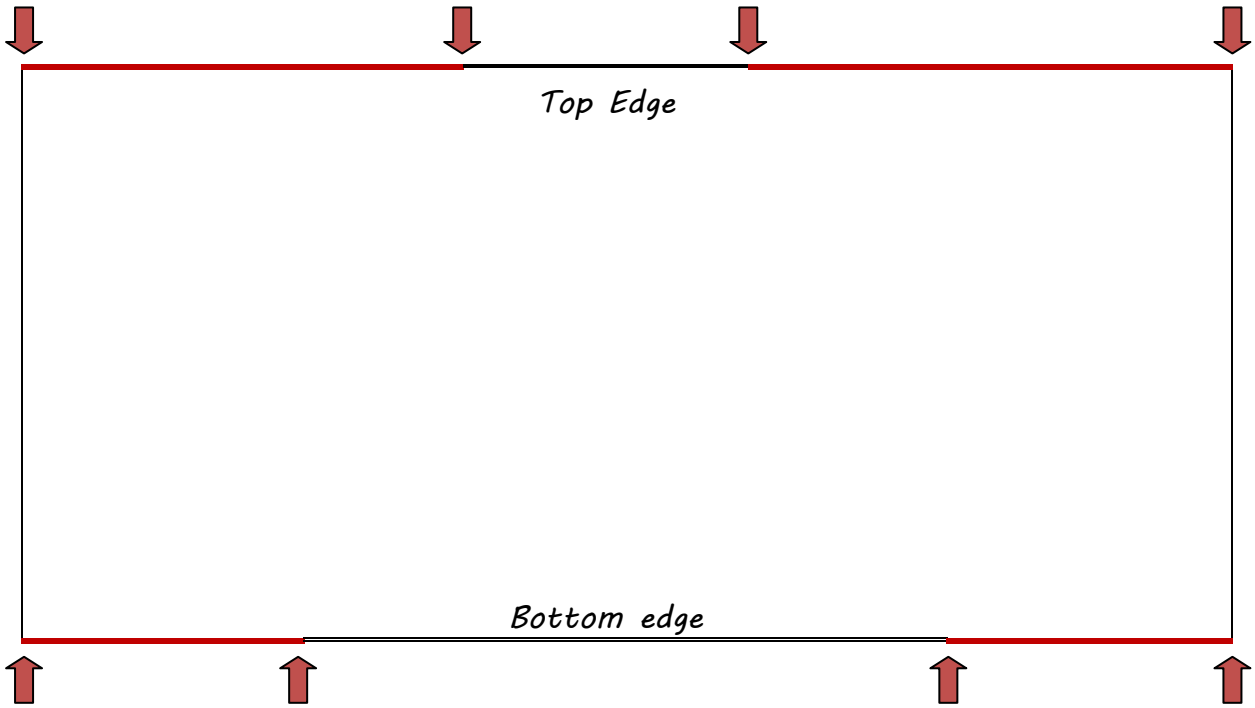
  Row 11 (WS)- *Knit 1, YO* repeat from * to * until last stitch, knit 1.

  Row 12 (RS)- *Purl 1, drop YO* repeat from * to * until last stitch, purl 1.
- Continue in pattern until piece measures approx. 45cm, or the length you want from shoulder to front hem.
- Place all sts onto spare needle, cable or scrap yarn.
- Now cast on again for the second side and repeat so that you have an exact copy of your first side.

Casting off –

- There are 3 different ways that I'm going to explain how to cast off. Pick which suits your skill level and patience!
- The 1st way is probably the simplest. Cast off all sts loosely (with a larger needle) from both sides. Pin the cast off edges together from sides towards the centre, leaving a section in the middle as your neck hole. Try it on the see how big you want the neckline. (The sample has a 68cm hole for the neck). Now hand sew the two sides together, making sure that your right sides are facing.
- The 2nd way is shown on the sample. On one side, k54, cast off 42sts, and then slip remaining 54 sts onto right needle. (If you would like a wider or narrower neckline, adjust the st count accordingly.) On the other side, k54, cast off 42sts, and then slip the knitted sts from the right needle back onto the left needle. Now use the 3 needle bind off method to cast off both 'sleeves' separately.
- The 3rd way takes a while but looks the nicest. Do the same as for the 2nd method, but instead of the 3 needle bind off, graft the sts together with the kitchener stitch method.

- *Once you have joined the sleeve seams, place your top flat with right sides facing. On the bottom edge, stitch each side from 'cuff' in towards centre approx. 15cm. This forms the sleeves. (These seams are shown in red in the diagram bellow.)*



- *Block your garment by soaking in water, gently squeezing out the excess, and laying flat on a towel to dry. Make sure the top is nice and straight before drying.*
